Hello Officers Ashpaugh & Cho,

I am Moises Gomez and I am the new BLQ BID Program Manager.

I have a question regarding dealing with homeless encampments on the boulevard.

It seems that a couple of encampments have sprung up on Pico Blvd and Toberman St. as well as a smaller one on S. Union St. I have field the encampments in the MyLA 311 app to the City of Los Angeles but a number of the business owners are upset due to the amount of trash, public intoxication, aggressive pan handling and odor that is now present due to the homeless relieving themselves near the area.

What strategies and additional resources might be available to the BID to help mitigate the impact that the encampment is having?

Your input is appreciated on this issue.

Sincerely,

Moises Gomez

BLQ BID Program Manager
